Anatomy.tv
ANATOMY.TV
POWERED BY PRIMAL PICTURES
Primal Pictures resources are the world's most medically accurate and detailed 3D graphic rendering of human anatomy. With benchmark anatomy, physiology and clinical content, Primal Pictures is widely accepted as the best in class and used by thousands of health science educators, students and practitioners worldwide to teach, learn and practice.

BoardVitals
BOARD VITALS
BoardVitals is an interactive, high-quality, effective and powerful board review tool that can be used by practicing clinicians, residents and several types of healthcare students.

Drug Interactions
Drug Interactions
The Medical Letter® provides an unbiased resource to quickly search and find potentially life-threatening interactions between a variety of drugs.

MedCram
MED CRAM
Medical Topics Explained Clearly by World-Class Instructors
Digestible and engaging videos that lead to clear understanding. Memorable illustrations and quizzes reinforce key concepts for better exam preparation and patient care.

TDS Health Subscription Preview

The screenshot displays the TDS Health website interface. At the top, there is a navigation bar with the TDS Health logo on the left, and links for Resources, Titles, Profile, Help, Tools, and Log Out on the right. Below the navigation bar is a search bar with the text "All Resources" and "Search topics, Treatment Drugs etc...". The main content area is titled "Fast answers to medical questions" and features eight panels arranged in a 2x4 grid:

- Welcome:** A panel with a female healthcare professional, the TDS Health logo, and a "CLICK" button. Text: "Welcome to tds health TETON DATA SYSTEMS. to learn more about the platform and what's new." Powered by TDS.
- STAT!Ref:** A panel with the STAT!Ref logo and text: "An intuitive, full-text healthcare library with 600+ titles in over 50 healthcare disciplines." Powered by TDS.
- STAT!Ref Mobile Apps:** A panel with text: "Access STAT!Ref Anytime, Anywhere. The FREE STAT!Ref Mobile App takes your healthcare e-sources on the go with powerful interactive functionality. Click HERE for an instructional video, handouts and links." Includes an image of a smartphone. Powered by TDS.
- TDS Health News:** A panel with a female healthcare professional and text: "As an evolving and innovative resource, TDS Health is always being enhanced. Check out what's new: Full Title Updates, TDS Health News, TDS Health Blog." Includes social media icons for Facebook, Twitter, and LinkedIn. Powered by TDS.
- Anatomy.tv:** A panel with the ANATOMY.TV logo and text: "Primal Pictures resources are the world's most medically accurate and detailed 3D graphic rendering of human anatomy. With benchmark anatomy, physiology and clinical content, Primal Pictures is widely accepted as the best in class and used by thousands of health science educators, students and practitioners worldwide to teach, learn and practice." Powered by Primal Pictures.
- BoardVitals:** A panel with the BOARD VITALS logo and text: "BoardVitals is an interactive, high-quality, effective and powerful board review tool that can be used by practicing clinicians, residents and several types of healthcare students." Powered by BoardVitals.
- Drug Interactions:** A panel with text: "Drug Interactions from The Medical Letter® provides you with an unbiased resource to quickly search and find potentially life-threatening interactions between a variety of drugs." Includes a search input field labeled "Enter a drug name". Powered by The Medical Letter® and TDS Health.
- MedCram:** A panel with the MED CRAM logo and text: "Digestible and engaging videos that lead to clear understanding. Memorable illustrations and quizzes reinforce key concepts for better exam preparation and patient care." Includes a star rating of 4.8 / 5 based on 3228 reviews. Powered by MedCram, LLC.

In this preview we will introduce you to the TDS subscription interface and briefly exam the components of the home page.

The panels you see in the body of the page will contain default panels that come with every subscription. There are additional panels shown here that may or may not be in your subscription. Every subscription is customizable so each will contain different resources and different panels.

Home Page Full View

This is a view of the whole page after it has been scrolled. The panels you see are customizable and can be rearranged, added to or hidden. After you have logged into your profile you can use the **[Manage Home Page Panels]** button at the bottom of the page to customize the arrangement of the panels.

The screenshot displays the TDS Health home page interface. At the top, there is a navigation bar with the TDS Health logo, user information (Resources, Titles, Welcome YourNameHere!), and utility links (Help, Tools, Log Out). A search bar is located below the navigation bar. The main content area is a grid of customizable panels:

- Welcome:** A panel with a female healthcare worker image and a "CLICK" button to learn more about the platform.
- STAT!Ref:** A panel advertising an intuitive, full-text healthcare library with 600+ titles in over 50 healthcare disciplines.
- STAT!Ref Mobile Apps:** A panel promoting the free STAT!Ref Mobile App for on-the-go access to healthcare e-resources.
- TDS Health News:** A panel for staying updated on TDS Health news, with links to full title updates, news, and a blog.
- Anatomy.tv:** A panel for ANATOMY.TV, powered by Primal Pictures, offering 3D graphic rendering of human anatomy.
- BoardVitals:** A panel for BoardVitals, an interactive, high-quality board review tool for healthcare students.
- Drug Interactions:** A panel for "The Medical Letter" providing unbiased resources to find potentially life-threatening interactions between drugs, with a search input field.
- MedCram:** A panel for MedCram, offering digestible and engaging videos for exam preparation, with a 4.8/5 star rating.
- PALMs:** A panel for PALMs (Perceptual-Adaptive Learning Modules) from Med Insight LT.
- Stedman's Medical Dictionary:** A panel for Stedman's Medical Dictionary (2016), a comprehensive resource for healthcare professionals.
- EBMcalc:** A panel for EBMcalc, a unique computerized medical reference and tool set for medical formulae and decision tree analysis.
- ICD-10 Conversion Tools:** A panel for converting between different ICD-10 codes (CM, CM to CM, PCS, PCS to PCS).
- Evidence Alerts:** A panel for STAT!Ref Evidence Alerts, listing recent research findings.
- Recent Favorites:** A panel showing a list of recently viewed or favorited documents.
- Recent Documents:** A panel showing a list of recently accessed documents.
- Recent Searches:** A panel showing a list of recent search terms.
- Medical News Feed:** A panel for Reuters, showing no recent alerts match current preferences.
- APHA Recent Updates:** A panel for APHA DrugInfoLine, a newsletter of interpreted drug information.

At the bottom of the page, there is a "Manage Home Page Panels" button and a footer with public computer notice, session management, contact, support/training, title updates, EULA, and social media links (Facebook, Twitter, LinkedIn).

Pinned Search Bar & Menu, Panels Button & Footer

Having scrolled to the bottom of the page the first thing to notice is

1. Our pinned search bar. It seamlessly follows you down the page.

2. At the end of the search bar is the quick menu that allows you to navigate quickly and easily as seen by the insert.

3. The button to manage the home page panels.

4. At the very bottom of the page is our footer with links to additional information.

You can access our social media, contact us, get support or training, see which titles have updated and so on.

The screenshot shows the top navigation bar of the TDS Health website. On the left is the 'tds health' logo. To its right are links for 'Resources', 'Titles', and 'Profile'. Further right is a 'Provided by: TDS Health' label, followed by 'Help', 'Tools', and a 'Log Out' button. Below the navigation bar is a search bar with a dropdown menu set to 'All Resources' and the text 'Search topics, Treatment Drugs etc...'. The main content area features a heading 'Fast answers to medical questions' and four promotional cards. The first card, 'Welcome', features a female doctor and a 'CLICK' button. The second card, 'STAT!Ref', features a stethoscope and keyboard, advertising a library of 600+ titles. The third card, 'STAT!Ref Mobile Apps', features a hand holding a smartphone and describes a free mobile app. The fourth card, 'TDS Health News', features another female doctor and lists links for 'Full Title Updates', 'TDS Health News', and 'TDS Health Blog'. Each card is 'powered by TDS'.

Provided By

Now we'll look at the items in our header where most of the action takes place.

Starting at the very top you will find, **“Provided by:”** and the subscription name. For questions or support issues it is helpful if you know this name.

This information is always readily available at the top of the page.

Resources Menu Collapsed

Next comes the **Resources** menu. Just click the small triangular icon to expand the menu.

Resources Menu Expanded

You can use this menu to quickly access your resources. The menu will vary depending upon what is in your subscription. Everything from the Stedman's Medical Dictionary on down is included in every subscription. Everything above the medical dictionary are optional resources. Not all options are listed here. You can go to www.tetondata.com - products to view the full list of resources available through TDS Health.

A quick note about the default dictionary.

Stedman's Medical Dictionary is the default built-in dictionary for most subscriptions however, there is an option to have Taber's® Cyclopedic Medical Dictionary or Stedman's Medical Dictionary for the Dental Professions be the default. Which dictionary you have is determined by the purchaser of the subscription.

Titles Link

Next, we move over to **Titles**. The titles in the TDS Health platform are provided by our flagship product STAT!Ref.

TDS Health – STAT!Ref Titles List

Here is quick look at what you see when you click on **Titles**.

1. You can filter the titles by discipline.
2. Click a title name to go directly to that title.
3. Use the ABC menu on the right to jump directly to titles that start with that letter.

The screenshot displays the TDS Health website interface for the STAT!Ref Titles List. The top navigation bar includes the TDS Health logo, links for Resources, Titles, and Profile, and a search bar. The main content area features the STAT!Ref logo and a list of titles. A dropdown menu is open, showing a list of disciplines with 'Drug Information' selected. A search bar is located to the right of the dropdown. A vertical ABC menu is on the right side of the page. Three callout boxes (1, 2, 3) highlight specific features: 1 points to the filter dropdown, 2 points to a title entry, and 3 points to the ABC menu.

Profile

Last in this menu grouping is **Profile**.

We recommend that you create a profile for several different reasons some of which include the ability to rearrange the home page panels, track your searches, visited documents and search history. You can also sign up for healthcare alerts and much more.

Additionally, you can activate your profile to use as an Anywhere Login Account. You can use this account to login from a browser, or you can use it to log into one of our free mobile apps.

Profile Login

Here is a quick peek at setting up a profile.

1. When you click Profile you are asked to enter an email address for your username and a password, 8 or more characters please. Then click [Register]. If you already have a profile, click Log In instead.
2. You have the option to select "Remember Me" when logging in to your profile. Only check this if you are using your own computer, this will reconnect you to your history, favorites, options, etc.... every time you login.
3. There is also a quick link to *Forgot Password?* Located here.

Search Bar - All Resources Menu - Collapsed

At the beginning of the bar is our Search Drop Menu. The default is set to **All Resources**.

The screenshot shows the TDS Health website interface. At the top left is the 'tds health' logo. To its right are navigation links for 'Resources', 'Titles', and 'Welcome YourNameHere!'. Further right are 'Help', 'Tools', and a 'Log Out' button. A search bar is located below the navigation, containing the text 'Search topics, Treatment Drugs etc...'. The 'All Resources' dropdown menu is expanded, listing: All Resources, Images, Dictionary, Media, Alerts, News, EBMcalc, Drug Interactions, and Help. Below the search bar, there are four main content tiles: 1) 'tds health TETON DATA SYSTEMS' with a 'CLICK' button and a photo of a female nurse. 2) 'STAT!Ref' with the text 'An intuitive, full-text healthcare library with 600+ titles in over 50 healthcare disciplines' and a photo of a stethoscope. 3) 'STAT!Ref Mobile Apps' with the text 'Access STAT!Ref Anytime, Anywhere' and a photo of a hand holding a smartphone. 4) 'TDS Health News' with the text 'As an evolving and innovative resource, TDS Health is always being enhanced.' and a photo of a female doctor. Each tile is 'powered by TDS'.

Search Bar - All Resources Menu - Expanded

This menu is helpful in allowing you to go from All Resources to a more refined search by picking one of the options from the menu. You can switch back and forth as needed. In addition to All Resources, options are: Images, Dictionary, Media, Alerts, News, EBMCalc (Evidence-based Medical Calculator), Drug Interactions and Help.

Search Bar with Search Phrase

Let's do a quick search. To get started I have entered the search phrase **"Myocardial Infarction"** and then I clicked the search icon.

Search Phrase Results

1. For this search the search drop menu is set to the default of *All Resources* so the results page will include all available resources for this phrase.
2. In the right panel you can see the various tabs with content options that you can switch between such as **All** which is showing here, Images, Media, Alerts, News and More.
3. In the left column there are different options to refine a search even further such as Filter By, Date Range, Related To and Advanced Search.
4. Clicking on a title will take you directly to the section indicated within that title.

This concludes our preview.

The screenshot shows the TDS Health search interface. At the top, the search bar contains 'Myocardial Infarction' and a dropdown menu is set to 'All Resources'. The search results are displayed under the heading 'Your result: Myocardial Infarction'. On the left, there are filter options: 'FILTER BY' (set to 'All Titles'), 'DATE RANGE' (set to 'All Years'), 'RELATED TO' (with checkboxes for Indications, Diagnosis, Treatment, Recent Trials, Algorithms, Prognosis, Guidelines, Drug Therapy, Evidence Based), and 'ADVANCED SEARCH' (with checkboxes for Suffixes, Related Terms, Headings Only, and a 'Save This Search' button). On the right, there are tabs for 'All', 'Images', 'Media', 'Alerts', 'News', and 'More'. The 'All' tab is selected. The search results list several items, with the first one highlighted: '21. ST-Segment Elevation Myocardial Infarction'. Other results include 'Acute Myocardial Infarction (MI)', 'Myocardial infarction', 'infarction', and 'Prophylactic lidocaine for myocardial infarction'.
